Making Performance Assessment Possible

# OSCAR CLASSROOM

Collaborative Classroom Performance Assessment Management, Scoring, and Reporting Platform

Managing and scoring performance assessment for teachers at the classroom level becomes easy and efficient with OSCAR Classroom.

Performance Assessment

Performance Scoring

Reporting

- ✓ Teachers can upload student work directly into OSCAR Classroom
- ✓ Collaborative commenting tool for teachers
- ✓ Optional student feedback in addition to scores
- ✓ Integrates with Google Drive
- ✓ Easy teacher self-registration
- ✓ Supports student portfolio scoring
- ✓ Supports multi-media responses (video, pdf, images, audio, text)
- ✓ Ideal tool for teacher professional development

"

Teachers need evidence in student performance – OSCAR Classroom to the rescue."

Dr. Ed Roeber
Assessment Director, Michigan Assessment Consortium

OSCAR Classroom was built on OSCAR's powerful framework, providing a robust feature set customized for classroom activities. Student work is scored by the teacher and then escalated to trained peers for reliability and resolution scoring.

Classroom-based performance assessment management and scoring

Flexible and Easy to Administer	⊘ Simple virtual classroom set up ⊘ Easy to score and monitor from anywhere on any device ⊘ User defined roles and management ⊘ Teacher self-registration ⊘ Easy self set-up feature; no support help required ⊘ Supports multi-media responses (video, pdf, images, audio, text) ⊘ Support for portfolio response

Advanced Insights and Reporting for Project and Quality Management	⊘ Collaborative messaging tool for teachers
	⊘ Comprehensive real-time reporting
	  • Teacher IRR (agreement) reports
	  • Teacher scoring notifications
	  • Project progress reporting
	  • Assessment statistics reporting
	  • Project status dashboards
	  • Individual student reports
	  • Student growth reports
	  • Classroom result reports

Scoring Efficiency	⊘ Workflow queue management ⊘ Fast score submission to next response speed ⊘ Immediate student response availability through integration with Google Classroom ⊘ Paper-based scoring resources no longer needed
Scoring Quality Integrity	⊘ Comprehensive real-time scorer monitoring ⊘ Ability to quickly identify and address scoring issues ⊘ Real-time teacher scoring agreement monitoring ⊘ Access to scorer training resources prior to and during scoring
Integration	⊘ Integrates with other administration systems via APIs ⊘ Integrates with Google Classroom
Teacher Development	⊘ Teacher scoring capabilities provide professional development opportunities ⊘ Scorer collaboration for professional learning
Secure and Stable Platform	⊘ Proven scalability for large scale administration ⊘ Incorporates industry best practices for data security
