

MAEIA ReIgnite

June 16, 2021
10 a.m.–12 p.m.

VIRTUAL event hosted by
Michigan Assessment Consortium

Objective: MAEIA ReIgnite is the annual meeting of the MAEIA community. **There is no cost to register, and book is included!**

This year, the event centers on the creative works of delivering quality instruction and assessment, self-care, and state-wide arts community involvement. Drawing inspiration from **Seth Godin's** book, ***The Practice: Shipping Creative Work***, participants will reflect on their own application of creative work within professional and personal contexts, learn about how MAEIA has guided educators to adapt and advocate this past year, and discuss where we collectively strive to go, moving forward.

After the session, participants are invited to attend "office hours" with MAEIA Professional Learning Director and MAEIA Partners Coordinator, Heather Vaughan-Southard and Barb Whitney, in addition to MAEIA Partners.
